A.D.L Of B'nai B'rith Uses Our Highest Elected Officials!

By Marilyn R. Allen

Box 2243, Salt Lake City, Utah

Now that there is just a faint possibility that the Anti-Defamation League (ADL) of B'nai B'rith—collector of millions of tax-free dollars annually for "book-burning" and persecuting honorable patriotic Christian Americans—may be investigated by the House Committee to Investigate Tax-Exempt Foundations (such as the Rockefeller and Ford Foundations), the Jews are already crying and wailing. As per article by Milton Friedman in the *Jewish Examiner* for May 21st, 1954, and other Jewish papers, titled "Washington 'Witch Hunters' name ADL," it seems that the astute Norman Dodd, staff research director of this Reece Congressional Committee, has rightly alleged that the ADL IS part of a small group attempting to control education throughout the nation. This "indoctrination," said the Committee Report, "contrasts sharply with the freedom of the individual as the cornerstone of our social structure." THIS writer has always inveighed against the Jewish Socialist "communal" doctrine as opposed to American individual freedom.

This indoctrination is certainly carried on through their ADL-sponsored "Work Shops" in schools throughout our nation (including one on the campus of the University of Utah): through their own racial-religious left-wing Hillel Foundations on many of our school campuses: the large number of Jewish teachers and professors in our schools: Jewish writers of textbooks etc: even their taking over of the literature issued by Catholic and Protestant churches: all of which works toward the same end: the favored status of the Jews, their ideology particularly Zionism and help for their State, Israel. The same objectives are served by the Christian Scripturally-forbidden National Conference of Christians and Jews, that makes a fetish of "co-existence" with the enemy.

In the American Jewish Committee Budget for 1953, they claim this Conference as an arm or agency for their own purposes. Likewise, Jewish sponsored UNESCO teaching in our schools, warps our children from Christian American ideals to alien ideologies. B'nai B'rith, parent organization of the ADL, annually puts on drives to suck up many millions of tax-free dollars for their own selfish racial-national purposes.

Then this smart little cookie, Friedman, winds up his column under above date with these snide remarks, in an attempt to ride on the coat-tails of the highest officials in our land:

"If the ADL is guilty of 'indoctrination,' it may have indoctrinated President Eisenhower, FBI Director J. Edgar Hoover, and Attorney General Herbert Brownell (not to mention our Supreme Court Justices) who paid tribute to the ADL last year at a banquet here. Since Sen. Joseph R. McCarthy has met with ADL officials, perhaps he, too, has been indoctrinated."

Well, of course that is the theme of this writer's documented writings: that Messrs. Roosevelt, Truman, former Vice President Alben Barkley, Eisenhower,

many of our Governors and virtually all our other top officials have long been indoctrinated by this Jewish Sanhedrin, and act strictly as their catspaws—NOT as free independent Constitutional and Christian Americans. As for Brownell, he resigned due to a guilty conscience, after the Little Rock fiasco.

There is no other sensible explanation for the ruinous downward course of our Republic, which has followed implicitly in the path laid down in the *Protocols of the Learned Elders of Zion*. (Order from CEA of Union, N.J., price \$1.00) If you have brains and courage enough, trace it for yourself and see its workings right before your very eyes, in every detail. If you have no brains and no courage, stick your head in the sand—as do most Americans.

It was well-known to some of us Jew-wise Americans that that was the very reason our top officials were invited (commanded) to attend the ADL banquet on November 23, 1953—supposedly "honoring" President Eisenhower—so that the prestige of their offices might be used to the advantage of the ADL, just as Friedman is now using it. Even a DUMB-BELL ought to be able to see through that! With their usual cunning, the ADL of B'nai B'rith devised this trick to secure the endorsement of their organized conspiracy by our

Your Contribution Now May Do It

Mr. and Mrs. America—

We, the members of the Committee for Admiral Crommelin have an urgent message for you.

What is now going on here in Alabama may happen in your own sovereign State. Someday somewhere, there is bound to come forward in many of our States a man with the character, integrity and down-right courage such as our candidate for governor has. Admiral Crommelin's fight for the governorship may well be the spark that America needs to wake her to the peril she is facing!

He is fighting hard, pulling no punches and bringing before the American people the unvarnished TRUTH—the only thing that will ever save America AND Christianity. Certain minorities are now sending large sums of money into Alabama to defeat him—because they fear his election may awaken more Americans to the TRUTH!

Admiral Crommelin, win or lose, will be in this fight for a free America until these evil forces are defeated.

Unfortunately a campaign takes a very large sum of money and Admiral Crommelin and his close friends have exhausted theirs. The campaign is now in its final stage. To counteract the enormous propaganda paid for by the minority groups from out of State, we ask you, American patriots, for financial help. No amount

Top Jewish Secrets Now Available!

Since the reproduction of the famous AJC Budget 1953 by photocopy process from the original, widespread repercussions have taken place. Excerpts from the Budget have been reprinted all over the world in patriotic publications from New Zealand to England, from Maine to Cal.

In the Jewish press, however, there has been an embarrassed silence. In fact, there has not been even a single mention of this document in the confidential and restricted bulletin **FACTS** issued by the Anti-Defamation League of B'nai B'rith, in the occasional releases on "anti-Semitic" activity by the AJC itself, nor for that matter in any form by those Jewish organizations which specialize in "combating anti-Semitism."

This lack has not been due to an unawareness of the existence of the AJC Budget 1953 in its photocopy form, since all Jewish "action agencies" have access to the anti-Jewish press and could not have failed to learn of the greatest blunder committed by a Jewish organization in modern history. Rather, it has been due to the constant and justified fear of the Jewish organizations such as the AJC that their organized conspiracy to overthrow the established traditions of this country will be uncovered and revealed to the distressingly uninformed general public and to Congress.

The AJC has been hard pressed to keep knowledge of the widespread distribution of their infamous Budget from reaching the component membership of the various Jewish organizations. The turmoil created in the AJC when it first learned that its precious "Confidential-Not for Publication" budget had been seen by Gentiles, by Christians, has in no way abated since that time. Even though other Jewish organizations, particularly the American Jewish Congress and the Zionist Organization of America, have ridiculed privately this great faux-pas by the AJC, they have also expressed great fear of the potential consequences to them if this document ever receives wide publicity in the general press, or if it reaches the hands of too many members of Congress and of uninformed "opinion molders" of this country.

The Protocols and other tracts of similar nature have been allegations or assertions of evil intent by Jews. The AJC Budgets 1953 (280 pages) and 1954 (129 pages) on the other hand, are factual, detailed expressions on a Jew-to-Jew basis, on a restricted level of the week-to-week and month-to-month activities and plans of the major Jewish organization which is actually classified as conservative by other Jewish organizations.

In the Introduction to the AJC Budget 1953 are several statements which apply with equal validity to the AJC Budget 1954:

"...a hidden government has established controls over press, radio, television, the theater, charities foundations, many schools and educational institutions, and other media by which the public is influenced, including many churches...the AJC is but one of many Jewish groups which so successfully seek to shape the policies of officials and the government of the United States...It is obvious that this paper does not contain all the facts, for some of the most significant facts, secret in nature, would not, assuredly, be mimeographed." (Copies were made for departments of the AJC and some chapter directors.) "It does, however, contain enough facts and in sufficient detail to give beyond any question of doubt a picture of many of the significant ways in which the AJC works to achieve its purposes."

This assessment of the value of the Budget has been proven to be a conservative one, for those individuals in Congress and other high-level spots who have had the opportunity to examine a copy have without exception expressed **SHOCK** at the

revelations they found in it, even those made casually.

This reproduction of a **SECOND** AJC Budget for 1954, following that of 1953, is going to come as a horrifying surprise to the AJC. **ALL** AJC Budgets deserve publication, so it is to be expected that the AJC will henceforth cease publication of such budgets and resort to more secretive methods of recording and disseminating such information.

The following excerpts from the Budget are merely as highlights and as an aid to locating specific items in the document:

LEGAL DIVISION

The Legal Division prepared "amicus curiae (friend of the court) briefs...in the U.S. Supreme Court Segregation Cases (p.11); "prepared memoranda in support of a Presidential Commission on Internal Security and Political Freedom; raised constitutional objections to the Gwinn Amendment which requires occupants of low-rent housing to certify that they are not members of any organization listed by the Attorney General as subversive." (p.12)

FACT-FINDING

This term is a euphemism for the AJC's (and the ADL's) MVD type of operation against "anti-Semites" and other patriots. Evidently, Geo. Kellman, director of this division, was terribly disturbed, and with good reason, at reproduction of some of his cherished "fact-findings" concerning "anti-Semites" in the AJC Budget 1953, for all that may be found under this heading in the 1954 Budget is the note: "Information will be furnished upon request." (p. 15). The secret investigations carried on by this division, if subject to scrutiny by any law enforcement agency, could place the persons involved and the AJC itself in the position of being legally accountable for any criminal actions by its investigators. The millions of dossiers compiled and kept up to date by the AJC, the ADL, and B'nai B'rith are by their very natures useful as sources of blackmail, coercion, intimidation, pressure, and economic ruination of the subjects of those dossiers. Who knows outside these Jewish organizations just what is done with these dossiers? The answer is—NO ONE!

PRODUCTION DIVISION

Its services include close liaison with Broadcast Music, Inc., (BMI), currently under attack for monopolistic practices (p. 22); writing propaganda for "Know Your America Week," sponsored by All-American Conference; and "Brotherhood Week," sponsored by the National Conference of Christians and Jews; "United Nations Week," sponsored by the American Association for the UN (p. 23); "UN Day," sponsored by the U.S. Committee for the UN (p. 23); and "American Education Week," sponsored by the U.S. Office of Education, National Educational Association, and American Legion. (p. 23).

THE U.N.

"We will continue our involvement in the growing movement to rally public opinion behind the UN...we are coming to be recognized as one of the major non-governmental producers of informational material for popular consumption." (on the UN p. 24). "One of the problems...is that of aiming speakers to combat anti-UN movements." (p. 25).

RADIO AND TELEVISION DIVISION

The Budget for 1953 lists those "Resources Outside the Agency" (meaning tools, pawns, or agents) in CBS, NBC, ABC, etc., as including several high officials (by name). In the 1954 Budget the AJC boasts of providing book reviews for BMI's "Teenage Book Parade," and of the probability that program ideas would be "...hospitably received by Cavalcade of America, Studio One, Philco Theater, Ford Foundation's Omnibus...CBS's Studio One, at our suggestion, presented The TRIAL of Peter Zenger, (p. 32). (Note:

Every one of these programs has featured communist-fronters, particularly the last named.)

INTERRELIGIOUS DEPARTMENT

"We recognize the church as a primary factor in determining the attitude of Americans toward Jews and Judaism...this Division seeks to encourage and assist Protestant and Catholic churches...to develop...programs that will create favorable attitudes toward Jews and Judaism...we deal with national Catholic and Protestant agencies; various Catholic dioceses...the NCCJ..."

"Powerful religious forces are now striving with increasing intensity towards a reinterpretation of the 1st Amendment...to obtain support for the religious schools." (p. 58).

Among specific projects of the AJC is listed "Study Visits to Catholic Schools—We plan to continue in 1954 a program of visits to Catholic schools, which have two purposes: 1) Securing first-hand information regarding intergroup emphasis in these schools; and 2) Providing teachers and principals with guidance in teaching methods and the use of lesson materials in social study courses involving intergroup education."

"In 1954 we plan to concentrate our efforts in one city such as Hartford or Pittsburgh in order to provide us...with a full picture of Catholic education."

"Work with Natl. Catholic Welfare Conference—this will include furnishing of factual information to the Press Dept; enlisting the support of the Social Action Dept. on various issues as they arise; and offering the Education and Youth Departments materials on Jews and Judaism, as we have done in the past." (p. 57).

New projects for 1954 include "Work in the Catholic Textbook Field: New efforts will be made...to seek publication of revised editions of Catholic textbooks through the good offices of the Catholic Biblical Association. In addition, we will help the Committee on Citizenship of the Catholic University of America in preparation of texts on Jews and Judaism." (p.57)

YOUTH

The AJC, aware that "there are in the U.S. 35 million young people between the ages of 5 and 9 (who) will determine the future of our society" spares no effort in propagandizing these youths. "The efforts of this Division are directed...toward...the National Social Welfare Assembly (which includes) the Boy Scouts and Girl Scouts, the Youth Division of the National Catholic Welfare Conference...the 4 H Clubs...the YM and YWCA's." (p. 97).

The 1954 AJC Budget also covers intergroup educational projects, particularly through the development of workshops (p. 82). It cautions against undesirable and ill-advised literature, films, etc., and furnishes "information about anti-Semitic developments, hate-mongers, hate literature, etc. (p.94). The AJC is most active in foreign affairs and in Washington and we quote from page 180: "Liaison will be maintained with the Dept. of Commerce, Federal Communications Commission, Post Office Dept...Dept. of JUSTICE (Masters of Deceit—Ed.)...Dept. of Labor, the Congress and the White House Staff." (p. 180)

The AJC also "cooperates" in every field of religion, politics, education, etc. etc. Actual photocopies of the most important pages of the American Jewish Committee Budget 1954 (127 pages) reveal more of the sinister plot to brainwash the gullible public.

This is a reliable reference for every patriot! Every Congressman and Senator should have one.

highest officials, thus putting THEM in an untenable spot. How do you FIGHT an enemy from whose hand you eat and whose favors you accept?

Also, this Jewish ADL is most responsible for the throttling and silencing of our "free" press, so that no hint of their shenanigans may reach our people. There have been enough cases of Jewish betrayal and Fifth Amendment Koshier Kommunitists out in the open, for even the gullible Eisenhower to have been forewarned NOT to take this foolish step. But apparently his "advisers" (such as the notorious anti-McCarthyite Sherman Adams of the Palace Guard, UN'er Henry Cabot Lodge, and Jewish adviser to the President, Max Rabb) must have told him he better kowtow to this Jewish secret police—and so he obediently bent the knee, which may one day come back to haunt him. Now, again, in another letter announcing a similar award to its catspaws, under date of Jan. 21st 1958, the ADL makes clever use of these TOP NAMES, for its own advertising purposes!

The ADL has been most active in earning, and claiming credit for being the "fingerman" to DIScredit many loyal Christian American Patriots, by means of its unlawful espionage system throughout every large city in America, which keeps Soviet-like dossiers on those who oppose IT and its objectives. Now let's see whether anybody in Washington has the courage to "put the finger" on them! No, nobody has. Apparently, it isn't possible to have TWO MEN in the heroic mould of a McCarthy! That's too much to hope for in these days of pussyfooting political puppeteers.

This same Anti-Defamation League of B'nai B'rith had the consummate audacity (which is the same as putting the finger on THEM) to invite Members of the Congress of the U.S. and particularly the "elected leaders of both parties in the House and the Senate" to attend an "award dinner" in Washington on March 3rd, 1958, at which they were to be "honored" by this Secret police outfit for carrying out THEIR wishes and passing Jewish-sponsored legislation. This was to "honor" them for having forsaken their honor and their oath of allegiance to our Constitution, by "enactment of the first federal Civil Rights Law in 82 years," which legislation is a backwash of the unconstitutional Supreme Court desegregation decision of May 17, 1954. This decision is openly boasted of by Jews as "their baby," in conjunction with the NAACP and the communist party. Nothing has so torn our country apart as this unlawful Supreme Court Negro-favoring legislation, which was "malice aforethought" and has played directly into the hands of our internal and external enemies.

Proving that you cannot fool all the people all the time, more than 300 Senators and Congressmen boycotted the dinner—apparently they preferred to be free of control by the ADL. Congressman Thomas Abernathy, one of the 300 who boycotted the dinner, said "the medals were for establishing a Federal Gestapo to police the South and make the white folks and negroes amalgamate." Congressman Robert W. Hemphill sent a blistering letter to the B'nai B'rith ADL demanding that his name be excluded as a recipient of any award to the 85th Congress.

Despised

The Anti-Defamation League works closely with such organizations as the American (?) Civil Liberties Union, the National Association for the Advancement of Colored People, Americans (?) for Democratic Action and the National Conference of Christians and Jews.

It is unlikely that any organization in America is more despised by loyal Americans who are cognizant of the communist menace to our nation.

The American Jewish Year Book, 1914-1915, Jewish Year 5675, page 144, states:

"Anti-Defamation League founded by Independent Order of B'nai B'rith, to eliminate as far as possible, publication of literature prejudicial to the repute of the Jews."

STRANGLED

By Richard Lloyd Jones

Republished From The Tulsa Tribune

We, THE PEOPLE, once proud, vigorous and alert to our rights and liberties have now been strangled by an apathetic ignorance. The communists are ingenious, subtle and evil. They confuse our thinking and gain control of our government. Today we are governed by an invisible government which the people did not elect.

We now have something over two and a half million office-holders, holding both petty and vital positions. Most of these have succeeded in getting into their positions through communistic infiltrations. They are under Civil Service and cannot be fired. They will destroy those who seek to reveal or suppress them. We are in the hands of the Civil Service office-holders, and they are dominated by the subversive agencies and enterprises that are destroying the foundations of our government.

We are being taxed today. Heavily taxed. And the assessors who write our tax bills are dominated by this invisible government that controls us. And we submit.

The President can do nothing about it, nor can his Cabinet administrators. Anything they may order or promulgate that is not to the liking of the Civil Service office-holders gets lost in the waste baskets or the studied confusions. We maintain factories of frustration.

Supreme Court Justice William O. Douglas has just published a book which he calls "The Right of the People." The book misses fire. The RIGHT of the people is not sustained by his own Court! It is not defined in his own book. His Court, which President Eisenhower has made the Earl Warren Court, has revoked laws and measures that protected us. His Court, the Earl Warren Court, has repudiated the findings of federal courts that have penalized and imprisoned communists and socialists who have entered into a conspiracy to destroy us.

These subversive forces have gained such a firm control over our rights, properties and affairs that both our major

political parties have surrendered. Their independence is gone. Their integrity and their devotion to the principles and purposes of this Republic is manifest no more.

These agencies of sedition reveal their menacing power when even our President joined them to destroy Senator McCarthy, whose offense was that he was a patriot.

We have but one hope left. CONGRESS. It still belongs to the people. But where in Congress have we the men who will take up the fight that Sen. McCarthy gave his life for? How submissive have the American people become? It is time to pitch the tea into Boston harbor if we are ever to find our liberties again. But our Congressmen are afraid to do their duty. The forces of socialism and communism have such a strangle-hold on Washington that statesmen who are eager to fight for the people and their rights are retiring from public life because the administration is not with them, and through Civil Service they are penalized.

Fulton Lewis Jr., one of our most intelligent and courageous interpreters of the political trends in our capital, after a recent visit to a majority of the states, reports that if there should be an AMERICAN party today that had the courage, the consecration to declare for the rights of the states, the Constitution of the U.S., and the return of the Supreme Court to its legal duties more than 70% of our voters would support that Party and its candidate.

The people are fed up with treachery and treason, but they do not know where to turn to save themselves. There is no leader!

At long last the people are beginning to realize how they have been betrayed. Our highest Court has left them. It declares that communism is merely a harmless group of political liberals. Thus diverted Americans will scrap all programs designed to protect their institutions against communist infiltration and domination.

Rob't Morris, former chief counsel for the Senate Internal Security sub-committee recently declared, "The fact of the matter is that all these Court decisions and these administrative decisions have created among devoted Intelligence officers, prosecutors and internal security officials and Congressional staffs, a demoralizing sense of despair. There is more hopelessness today than I have ever experienced before in all my days in Washington. Never before has the morale of internal security reached the low that prevails today."

Now one of the gentlemen who sits on our Supreme Court has published his book that is worthless. It is not concerned with the devastating influences that are destroying us.

Mr. Lewis may be quite right, we hope he is, that 70% of the people would vote to save America. But there is no one to rally around. No leader to support. No AMERICAN on the horizon line.

It is not the Sputniks that should concern us, but the INVISIBLE GOVERNMENT that has us strangled!

America's Fall And Destiny

By Stanley MacDonald

When the full and complete story is finally known to the world, the year 1932—the year the Marxist New Dealers came to power under the second Roosevelt—will long be remembered by future generations of Americans as one of the blackest in the history of a torn and bloody world—the year Christ was officially dethroned in the hearts and lives of the American people and the bloody terrorists that murdered the Tzar and overran the Russian nation were taken into our midst.

There may be other dark spots on the fair reputation of the American nation—other things for which she may repent—but that particular blot on her career as a nation is inky blackness. It depicts her precipitate fall from her former high estate—from the place that Heaven designed for her in the Community of Nations—to a full-fledged partnership on the part of a supposedly God-fearing people with the personification of evil itself. All the great and glorious things for which America stood in the beginning were abandoned in that unfortunate plunge.

At the time of the recognition of the Russian Murder Regime by the egoistic and insanely ambitious Roosevelt, all the terrible facts were known to the American Government and are so known today, even to the financing of the so-called Russian Revolution in 1917 by certain well-known banking interests right here in our own America—a revolution which in truth and in fact was not a revolution, but, rather, a bloody and unscrupulous usurpation on the part of two outstanding revolutionary idols that then were stalking the world—during all of which time, from that very day until the present hour, the Russian people themselves have never ceased to hope and pray for the freedom that is denied them.

Tzar Nicholas II who was murdered along with his family when the Jewish engineered Revolution broke out in Russia. Will America suffer the same fate?

From that contamination with the forces of darkness in that fateful year stems all our trouble and all our financial worries over the intervening years, and most of our trouble today. And we are paying, paying, paying. We have already paid with world War II, the war in Korea, the trouble in Indo-China, and we will continue to pay and pay and pay, in divers ways and in various parts of the world, for many years to come. We will pay until we as a nation are at last awakened to the depth to which we have fallen, and resolutely start our tortuous climb back to the forsaken Constitution, back to the Bill of Rights, back to the Christly example our early fathers left us, back

to that exalted Place-in-the-Sun that destiny fixed for us in the beginning, namely a God-fearing leadership among the family of nations—marching down the Road-Triumphant, not with planes and tanks and ships and atom bombs, but with a sincere and genuine love of God in our hearts and a Christly precept on our lips—down to the ultimate liberation of every people everywhere, and a legitimate and orderly Brotherhood of Nations, organized and fashioned upon the basis of a wholesome and uplifting fellowship among all the nations, and for all the races and all the peoples of the entire world, but forever devoid of their unhallowed mongrelization!

Suppressed Truth

"Breaking a silence of nearly 10 years on the subject, Maurice Samuel, internationally famed critic, lecturer, and writer, recently disclosed in an exclusive interview with THE POST and OPINION his reasons for refusing to translate the novel **MARY THE MOTHER** by the late Sholem Asch.

"Samuel based his objections to the **MARY** manuscript on several features, which, he wrote, 'depressed him deeply.' Primarily they involved Asch's changing attitude toward the Virgin birth, **JESUS' LIBERATION OF THE JEWS FROM THE PHARISEES**, and the pre-Christian state of Jewish ethics.

"These were made clear in a letter never before revealed to the public—a letter dated Feb. 26, 1948; sent to the author by the rapier-witted, silver-voiced Samuel, whose superb translations had brought two earlier Asch novels, **THE NAZARENE** and **THE APOSTLE**, to the best-seller lists of the English-speaking world.

"It is impossible to read **Mary the Mother** without saying: This man believes with emunoh sh'lemoh (the stupid schmo) in the Virgin birth of Jesus.

"In this book you say flatly that **JESUS** came to **LIBERATE THE JEWS FROM 'THE RABBIS AND SCHOLARS.'** Of course, you can quote passages from the TALMUD to back it up." The National Jewish Post and Opinion, Oct. 25, 1957, page 6.

And, unless you can read Yiddish and can obtain **Mary the Mother**, you will never be able to read this Jewish admission of **THE REAL PURPOSE** of **JESUS' mission**. This is just another example of the Pharisaic censorship known as "academic freedom!"

Right Or Wrong?

The greatest tragedy of our times is in the fact, that the American Nation which is leading the so-called "free" world in its fight against communism is **NOT FREE ITSELF**, but, to a large extent, is controlled by the leaders of a small minority group.

And those leaders are not only culpable of pursuing relentlessly their own, selfish interests, but also are directly responsible themselves for the tremendous initial success of communism.

Their political machinations are nearly always detrimental to the welfare of the American Nation as a whole, and to the free world in general.
